Sub: Swachh Vidyalaya Puraskar

As you are aware, the Swachh Vidyalaya campaign was instrumental in ensuring that all government schools in India have access to separate functional toilets for boys and girls. In order to recognize, inspire and celebrate excellence, in sanitation, water and hygiene practice in schools and to sustain these good practices, Ministry of Human Resource Development has instituted the national level award “Swachh Vidyalaya Puraskar”. The framework of the awards at the District, State and National levels is enclosed herewith. Under this framework, the school head masters will self-nominate their schools, based on a simple questionnaire available online on the official MHRD website or through the use of the downloadable Swachh Vidyalaya Puraskar Mobile App. The procedure of downloading the mobile app and usage of the mobile app and web-portal is also enclosed.

2. In order to ensure maximum participation in this ambitious and innovative initiative, it is requested to:

(a) Organise a State level orientation workshop quickly, to be attended by Principal Secretary (Education), State/district level Education officers including Resource persons, Cluster Coordinators, Consultants and other concerned officials. This workshop will help to understand the framework/tools and methodology better.

(b) Ensure a quick dissemination of the concept and actions required, at the block and the school level – issue necessary instructions to schools to participate in the award scheme.

On submission of the application by the schools, the data will be aggregated into a colour coded matrix by the App and the performance report of the school would be shared with the states/district/schools. Depending upon the rank category they belong to, the schools would be awarded at different levels, subject to physical validation and screening at different levels.

The timeline for the award is given below:

<table>
<thead>
<tr>
<th>Event</th>
<th>Date</th>

4. It may be noted that UNICEF and Administrative Staff College of India, Hyderabad (ASCI) will be collaborating with us in this process, for technical support, and they may reach out to you, for facilitation of the same.

5. Further details on Swachh Vidyalaya Puraskar framework, Usage of the Mobile App and web-portal, ranking scores and rationale etc. will be provided during the State level workshop, where representatives from UNICEF and ASCI will be present.

6. For any further clarifications, you may contact Shri Girish Hosur, Director, Tel. No. 011-23073687, email: hosur.edu@gov.in or Prof. V. Srinivas Chary, Director, Centre for Energy, Environment, Urban Governance and Infrastructure Development at ASCI, Hyderabad; Tel No. 91-40-66534221 email: schary@asci.org.in.

Yours sincerely,

Swachh Bharat Swachh Vidyalaya: A National Mission

Water, Sanitation and Hygiene in Schools plays a significant role in determining the health of children, attendance, dropout rate, and learning outcomes. The provision of water, sanitation and hygiene facilities in school ensures a healthy school environment and protects children from illness and exclusion. It is a first step towards a healthy physical learning environment, benefiting both learning and health. Children who are healthy and well-nourished can fully participate in school and get the most from the education being imparted.

![Swachh Vidyalaya Package](source: Swachh Vidyalaya Handbook)

In 2014, the Ministry of Human Resource Development, Government of India launched 'Swachh Bharat Swachh Vidyalaya' (SBSV) initiative to ensure that all schools in India have access to separate functional toilets for boys and girls. The initiative also has its emphasis on promoting safe and appropriate hygiene practices in schools and behavior among children.

The Swachh Vidyalaya Initiative has defined the essential elements of Water, Sanitation and Hygiene in Schools which are categorized under Water, Sanitation, Handwashing with Soap, Operations and Maintenance, Behavior Change Activities and Capacity Building.

It is required that the components of this basic minimum package are commonly understood and used by all schools as a means to achieve desired service levels in water, sanitation and hygiene practices. Following the launch of the initiative, the state, district, and local governments as well as schools across the country have significantly improved sanitation facilities in schools. They are striving to improve access and have introduced child-friendly designs, maintenance practices, effective monitoring using ICT tools, behavior change communication, new financing options and forging partnerships.

These good practices need to be recognized and shared for accelerating and sustaining the achievements of the Swachh Vidyalaya Initiative.
Children are Agents of Change

Schools are an established entry point for learning. They present an opportunity to engage parents and community in general either through knowledge dissemination via children or through direct engagement and demonstration at the school. Children are fast learners and adapt their behaviour more easily than adults. Children are also effective role models. They may introduce existing practices in their households and choose to demonstrate good hygiene when they learn at school and pass on to their peers and siblings and to their own children if they become parents.
Swachh Vidyalaya Puraskar 2016

The Swachh Vidyalaya Puraskar is instituted by the Ministry of Human Resource Development, Government of India to recognize, inspire and celebrate excellence in sanitation and hygiene practice in Schools. The explicit purpose of the awards is to honor schools that have undertaken significant steps towards fulfilling the mandate of the Swachh Vidyalaya Campaign.

Who is eligible for the Awards?

The Awards would be open to all Government and Government aided schools in both Rural & Urban Areas.

Methodology for Selection of Schools for the Awards

The process for identifying and recognizing schools for Awards is as below:

I. Schools will register and submit information as per the prescribed format (Annexure 1) made available online (http://mhrd.gov.in → Swachh Vidyalaya → Swachh Vidyalaya Puraskar) or by downloading a mobile app, Swachh Vidyalaya Puraskar. The mobile app can be downloaded from Google Play Store or by giving a missed call @ 07097298400. The registration of schools would be done with the U-DISE code of the school.

II. The website/mobile app is customized to cater to different categories of schools.

III. Schools are expected to provide accurate information as required in the format.

IV. The information in the format corresponds to the requirements in Swachh Vidyalaya guidelines. Annexure 2 provides the list of indicators categorized under (a) Water (b) Toilets (c) Handwashing (d) Operations and Maintenance (e) Behavior Change and Capacity Building.

V. Maximum weightage assigned for each of the categories is given in Table 1:

<table>
